## WHY BAY BOY?

Because Julian and Jake were hungry.

Julian had a craving: sandwiches from the Bay Area, where he grew up. Sandwiches on Dutch Crunch bread. Never heard of it? Yeah, no one else in Kansas City had either.

Also a filmmaker, Julian knows the best things are made collaboratively. "With me, it can only get me-sized," he said. So he called Jake, his friend of over two decades (and conveniently, a dedicated, passionate cook). They recreated sauces and smoked meats, pulling together fresh, quality ingredients, crafting flavors greater than the sum of their parts. What started as a weekly pop-up grew into the neighborhood sandwich shop.

## THEIR GOALS?

To make the most unique sandwich you've ever had. To learn your name. To keep collaborating and creating, making something bigger than themselves.
